

**SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AGENCY INSTRUCTIONS
FOR THE FISCAL YEAR ENDED JUNE 30, 2009
DA-89 (rev. 07-09)**

The attached Excel form is to be used to provide financial information for the preparation of the Schedule of Expenditures of Federal Awards (SEFA) for the State of Kansas. This Excel form must be e-mailed to Gail Barnhart at Gail.Barnhart@da.ks.gov by September 24, 2009.

The form is an Excel workbook that consists of two worksheet tabs. The "SEFA Data" tab is to report all federal expenditures expended. The "Certification" tab is required and must be completed in all cases. You may download the SEFA Excel form from the Division of Accounts and Reports website at <http://www.da.ks.gov/ar/>.

If there are any revisions after the original submission, please contact us about updating the revision.

The financial information provided should be derived from the records from which the basic financial statements are prepared. Where applicable, reconciliations should be performed and made available upon request to explain any differences between the amounts reported on the form and related amounts reported for financial statement purposes. Also, reconciliations should be maintained to explain differences between amounts reported on the form and related amounts reported to grantor agencies. All programs with current year expenditures should be individually identified, including those completed or terminated during the 2008-09 fiscal year. Programs identified should include those from which Federal Awards were received from the Federal Government, from other State agencies, and indirectly (pass-through), from local governments and other entities. Please note that Federal funds received and expended by a State agency pursuant to a vendor relationship with a Federal Agency should *not* be included on this form. See OMB Circular A-133, Section .210 for determinations of a vendor relationship. OMB Circular A-133 can be obtained from the U.S. Office of Management and Budget website at: <http://www.whitehouse.gov/omb>.

Entities are required to retain readily available supporting documentation for the programs and expenditures shown. The supporting documentation for subrecipient information should include the names of the subgrantees, project/award numbers, expenditures, etc., which makes up the total expenditures reported.

New for FY 2009 – American Recovery and Reinvestment Act of 2009 (ARRA) requires the SEFA to identify all ARRA expenditures separately. We have included a separate column (column C) in the form to verify expenditures that are ARRA. If your CFDA number includes both ARRA and not ARRA expenditures, each type must be shown separately. Agencies must identify ARRA funds separately, whether it is a direct award or subrecipient award.

DETAIL INSTRUCTIONS

To complete the forms in Excel, download the Excel workbook from the Division of Accounts and Reports website at <http://www.da.ks.gov/ar/> and save it to a designated drive. Rename the document to include your agency number, fiscal year, and SEFA (e.g., Department of Social and Rehabilitation Services will use file name: **629 09 SEFA.xls**). Do not add any columns or change the format of the forms. For each award, complete the columns that are required and the columns that are applicable. Use only one row for each Federal Award. Do not use multiple rows for a Federal Award. Do not show any sub-totals or leave any blank rows on the form. Your information will be combined with the information from other State agencies to complete the State's SEFA. Descriptions for each column are as follows:

SEFA Data Tab:

Note: All gray columns in the SEFA Data Tab (Columns F, G, H & M) are automated and do not require input. If you feel the information displayed is inaccurate, please contact Gail Barnhart (Contact information is at the end of the instructions).

- A. Agency Use –. This is a free form field so you may include funding information or other agency specific program information. This column is optional and has been provided for your convenience.
- B. STARS Fund(s) – Enter the STARS fund number for each CFDA number. If there is more than one fund number, enter each fund in the field with a comma after each number.

Check columns U through Y for any possible errors. These columns will be blank if the data in the heading is entered on the form.

When more than one agency is involved during the year, please refer to the following tips, to determine which agency should report the expenditures:

If your agency:

- Received federal awards directly from a federal grantor, your expenditures may have included payments to sub-recipients who are State, local or non-profit organizations. Report all of these as expenditures in column N and provide the “sub-granted” amounts in columns P and Q as appropriate. Enter a “D” for Direct in the funding source column.
- Received pass-through federal awards from another State agency, report all of these expenditures in column N and enter a “T” for Transfer in the funding source column.
- Received federal awards both directly from the federal government and as pass-through from another State agency, report these expenditures separately for each grantor.

Certification Tab:

The Chief Fiscal Officer should certify the accuracy of the SEFA. **The “Certification” tab must be completed by all state agencies.**

If you have any questions regarding the SEFA, please call Gail Barnhart at (785) 296-3404, or email her at Gail.Barnhart@da.ks.gov.
